ALIVE St. Louis

PO Box 11201

St. Louis, MO

<http://alivestl.org>

According to the website, "ALIVE's mission is to provide counseling, emergency sanctuary, and other critical services to adults and children impacted by domestic abuse, as well as to increase awareness in order to create a supportive community." There are offices in both St. Louis and Franklin County. Students interested in volunteering for the crisis line and client work must devote 40 hours to training, plus substantial volunteer time past that. This would be a perfect option for Semester of Service students. Additionally, students interested in a shorter amount of service (i.e. what is required in the Service-Learning courses) may possibly complete clerical work, data entry, and babysitting during group meetings.
