

Dual Enrollment Program

Earn college credit while still in high school.

If you're a junior or senior in high school and want the challenge of college-level academic studies, consider the dual enrollment program at St. Charles Community College.

You may qualify for the dual enrollment program if you are a high school junior or if you will enter the junior level at the time of dual enrollment, and have at least a 2.5 cumulative GPA from the preceding semester.

(May vary by school district.)

Investigate the opportunities for pursuing challenging academic studies above and beyond the high school curriculum. Talk with your parents/guardians and your high school counselor to see if you can expand your educational background by taking college-level courses.

A dual enrollment application must be submitted every semester.
