

SCC - College for All Kids

Computer Use Policy

The college has a program called "Onsight" in the computer labs, where instructors can see what the students have on their computers. We also have a blocking software in place. Please note, even with these precautions nothing is 100% full proof.

If camp staff becomes aware that your child is involved in any unacceptable situations, you will be contacted as soon as possible by the Program Manager. Depending on the severity of the incident, your child may be suspended or dismissed from the program, in which case no refund will be granted.
