### Evaluation Notes:

Associate's degree must be composed of at least ninety quarter credits to fulfill Kaplan's prior degree requirement. Any credits completed above the required ninety quarter credits can be applied to the open elective requirements.

* Students should choose this course in registering for coursework at Saint Charles Community College.

** Course fulfilled through associate's degree completion has been waived. An open elective has been added to balance the credit.

Italics courses are not included in the AS in Nursing degree plan but are equivalent to KU degree requirements.

This worksheet does not constitute an official evaluation of a student's prior learning. All students who possess prior learning are encouraged to submit evidence of such and apply for credit evaluations. The University may award credit for various forms of prior learning including courses taken at other institutions, experiential learning, military credit, and others. All prior learning is reviewed on a case-by-case basis, and credit is awarded ultimately at the discretion of the University. To be considered, official transcripts and exam scores should be sent to the following address:

Kaplan University
The Office of the Registrar
550 West Van Buren Street, 7th Floor
Chicago, IL 60607
