### Pathway Considerations

#### Chemistry - General: Info and Requirements

- <https://www.stchas.edu/academics/departments/Chemistry> or visit [www.stchas.edu/Pathways](http://www.stchas.edu/Pathways)
- This is a suggested course sequence. There may be additional general education or elective courses available. See Department Chair or Advisor for more information.
- Some course choices depend on the intended transfer institution. See Department Chair or Advisor for more information.
- Deviation from the chemistry sequence will result in a delay of degree completion. CHM-115 should be taken in first semester.
- Transferability of courses is dependent on the transfer institution; however, SCC makes every effort to make sure that courses in your Pathway transfer to most state, public universities and colleges.
- Prerequisites will not be waived. Make sure to complete all prerequisites. See Department Chair or Advisor with any questions.

#### Some Important Things About Pathways...

1. Before **registering** for courses, make an appointment with an **Academic Advisor**. They will help make sure you're taking the right courses and sticking to your path.
2. For course descriptions, visit <https://www.stchas.edu/academics/course-descriptions>
3. To organize courses for your upcoming semesters or to register online, visit the **Student Planning App** in the SCC Portal.
4. The order in which you take your courses may be important. Please check with your **Academic Advisor** to make sure you're not forgetting about course **prerequisites**.
5. If you have questions about your Financial Aid eligibility, contact a **Financial Aid Counselor**.
6. The courses in this map were hand-selected to help you achieve your educational goals, which often includes **course transfer**. SCC does its best ensure all courses **transfer**, though transferability is always up to the transfer institution. (See Core42 for exceptions to this rule.)
7. The simplest plan is for you to **stick to the path**. Changes to maps can be made, but please speak with an advisor, a teacher, and/or potential transfer institutions to ensure your substitutions fit your educational goals and needs.
8. Finding a career interest can help you find your Pathway. Consider visiting **Career Services**—they can help!
9. If you're interested in jobs based in Manufacturing & Industry, contact **Workforce Development**.
