Pathway Considerations

Biology . General: Info and Requirements

- https://www.stchas.edu/academics/departments/Biology or visit www.stchas.edu/Pathways
- * MAT-180 or MAT-210 will depend on transfer institution
- * Students must complete prerequisites prior to start MAT-180 and are encouraged to take required math courses prior to entry.
- Please note, Credit Hours (CH) may vary, for example, if you choose a Foreign Language (4 CH) option rather than THE-122 (3 CH).
- Deviation from chemistry sequence leads to lengthened time to completion of degree.
- Take CHM-115 as soon as possible when starting at SCC!
- Transferability of courses is dependent on the transfer institution.
- Watch prerequisites on all courses. These prerequisites will not be waived, so follow the sequence of courses correctly

Some Important Things About Pathways…

1. Before **registering** for courses, make an appointment with an **Academic Advisor**. They will help make sure you're taking the right courses and sticking to your path.
2. For course descriptions, visit https://www.stchas.edu/academics/course-descriptions
3. To organize courses for your upcoming semesters or to register online, visit the **Student Planning App** in the SCC Portal.
4. The order in which you take your courses may be important. Please check with your **Academic Advisor** to make sure you're not forgetting about course **prerequisites**.
5. If you have questions about your Financial Aid eligibility, contact a **Financial Aid Counselor**.
6. The courses in this map were hand-selected to help you achieve your educational goals, which often includes **course transfer**. SCC does its best ensure all courses **transfer**, though transferability is always up to the transfer institution. (See Core42 for exceptions to this rule.)
7. The simplest plan is for you to **stick to the path**. Changes to maps can be made, but please speak with an advisor, a teacher, and/or potential transfer institutions to ensure your substitutions fit your educational goals and needs.
8. Finding a career interest can help you find your Pathway. Consider visiting Career Services—they can help!
9. If you're interested in jobs based in Manufacturing & Industry, contact **Workforce Development**.
